The Good Hope mine is located in Custer county,

for their large products of rich silver-bearing ores.
The mine is developed by an incline shaft 100
feet deep and by two levels of 50 and 100 feet respectively, along the vein and showing an excellent body of pay ore. The Campany has placed
50,000 shares, one-tenth of its stock, upon the

purpose of purchasing machinery and thoroughly
equipping the mine for operation, and but a small
